Terminal Garage — Offering covered parking right next to your terminal.

CVG ValuPark — Our courteous shuttle drivers will pick you up at your car, assist with your bags and get you to the terminal in as little as 4 minutes.

How It Works

Employees enroll online using a secure link and are mailed an access card for entering and exiting.

Parking fees are applied to the credit card listed with each account once employees exit.

Receipts are instantly emailed to the user upon exiting and are also available online.

Free parking points are earned for each dollar spent up to the daily maximum rate.

Employees manage their receipts, account info and parking points online via secure log-in.
